PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, JULY 13, 1917

THEY ARE OFF IN THE PRIMARY RACE.

The race has begun for city, county and State offices. The nags, after months of careful grooming, exercising and training, have been called to the post, giving their heads and the race is now on with August 4 as the goal.

At the office of County Clerk Pearce Paton, Tuesday, the candidates whose names will appear on the Bourbon county ballots for the State primary election on August 4, met and drew for positions on the ballot. Their names will appear on the ballot in the following order:

For State Senator—H. C. Gillispie, Lee Wainwright, Abram Renick, George Hon.

For County Judge—C. A. McMillan, George Batterson.

For Sheriff—Will G. McClintock, L. A. Soper.

For County Attorney—David D. Cline, William Grannon.

For Assessor—George D. Speakes, Walter Clark.

For Superintendent of Schools—Mabel Robbins, J. B. Caywood.

For Jailor—W. O. Butler, Walker B. Kiser, C. T. Masterson, J. H. Doty, George W. Judy, J. W. King, Thomas Taul, J. W. Hart.

For Mayor—W. O. Hinton, E. B. January.

For Police Judge—P. A. Thompson, Ernest Martin, Harry L. Mitchell, J. W. Brown, Claude F. Redmon.

For Chief of Police—W. Fred Link, James H. Moreland.

For Councilmen, Second Ward—S. K. Nichols, J. J. Veatch, C. L. Talbott, John B. Arkie, Frank M. Burton.

For Justice of the Peace, Clintonville Precinct—John N. Shropshire, W. T. McWhorter.

For Justice of the Peace, Hutchison Precinct—John S. Wiggins, O. B. Lloyd.

For Justice of the Peace, Ruddles Mills Precinct—R. O. Turner, C. D. Wilson.

(Ballot for women voters separate.)

For Superintendent of Schools—Mabel Robbins, J. B. Caywood.

CANNING DEMONSTRATION

"All can can who can," but it takes a real live demonstrator to show them how to can properly and efficiently.

This Mrs. Fanniebell Sutherland, of Paris, successfully did before a crowd of interested women at the Y. M. C. A., Wednesday, when she explained the system of canning, which has been adopted by the government. She was ably assisted by Miss Lowry, of Nicholasville, and the University of Kentucky, and Miss Mary Fithian Hutchcraft, of Paris, County Agent of Canning Clubs. Mrs. Sutherland had taken a course of this work in Lexington, and was fully prepared and equipped to explain the working of the canning system in all its varied details. The work consists of a course in canning and drying fruits and vegetables.

BUILDING OPERATIONS.

Construction work on the new Kress Co. building at the corner of Main and Sixth and the new Presbyterian church, at Pleasant and Sixth, is progressing rapidly with the continuation of good weather. The Kress building has reached the upper floor, with the iron front in position. Brick work on the building is proceeding rapidly. Both buildings will be ornaments to their respective vicinities.

NEWSPAPER PUBLISHERS ARE FIGHTING FREE ADVERTISING

Opposition to free advertising and publicity by the newspapers of the country was voiced by speakers of the National Editorial Association in session at Minneapolis, Minn., this week. The legislative committee emphasized the necessity of organization, economy and co-operation among publishers. G. E. Hosmer, of Denver, chairman of the committee, presented the report.

AUCTION SALE.

Eight room up-to-date residence on Main Street, between Twelfth Street and Thirteenth Street, Saturday, July 21, at 2:30 p. m. (13-3t)

EPISCOPAL COMMITTEE MEETS

Rev. George H. Harris, of Paris, presided Wednesday at the meeting of the standing committee of the Episcopal Church Council of the Lexington District, held at the Parish House, in Lexington, for the consideration of routine business.

The committee voted permission for the Church of the Good Shepherd in Lexington to place a lien on the building pending the collection of several long-term subscriptions given a short time ago for the improvement of the church building. Consent was also given for the election of an assistant Bishop for the Tennessee District.

THE ARMY Y. M. C. A.

A patriotic mass meeting will be held at the court house in Paris next Sunday afternoon, July 15, at three o'clock, for the purpose of raising \$2,500 for the army Y. M. C. A. work.

The sum of \$3,000,000 has been called for in America for the purpose of assisting in the Y. M. C. A. work in the army camps, hospitals and in field service. Of this amount Kentucky has been allotted \$75,000. Paris and Bourbon county people have never failed to do their duty and it is safe to say this \$2,500 or more will be raised at this meeting.

Rev. Dr. W. A. Ganfield, President of Centre College, Danville, will be the principal speaker of the meeting. He will explain the needs of the Y. M. C. A. army work. The Paris Military Band will furnish music for the occasion.

The \$2,500 allotted to Paris and Bourbon county will only provide the actual cost for "our boys." Every one is urged to give freely and as liberally as their means will permit, so that "our boys" can come back clean-handed and clean-minded.

The Army Y. M. C. A. is the answer of the religious and moral forces of the nation to the soldiers' need. With the skill of the expert and backed by years of experience its plans of work have been shaped to fit into the gaps in the lives of the men in arms. Based on the principle of substitution it seeks to drive out evil practices by wholesome recreation, to offset leveling tendencies by high ideals and to give to every soldier the daily witness that "somebody cares."

GIRLS' SWIMMING CLASS.

The first semi-weekly meeting of the girls' swimming class was held in the Y. M. C. A. Tuesday, with Miss Harriet Rogers, instructress, in charge. The class now has a membership of twenty-eight, with a prospect of more additions from time to time.

The class will meet each Tuesday and Friday morning from ten to twelve. The time has been divided into two parts, one for those who have already acquired the art, and the second half for the novices and beginners. The membership fee has been placed at one dollar, with a small fee added for the services of the director.

The class is composed of the following:

Misses Kennedy, Rachel Wiggins, Louise Steele, Elise Varden, Patsy Clark, Hattie Hill O'Neill, Nancy Barbee Wilson, Favola Dundon, Elizabeth Dundon, Nancy Griffith, Margaret Griffith, Corinne Collins, Willie T. Summers, Margaret Jacoby, Elsie Jacoby, Myra Jacoby, Emily and Josephine Fithian, Elizabeth Brown, Dorcas Ussery, Loraine Butler and Belle Horton, and Mrs. Julian Frank, Mrs. Woodford Daniel, Mrs. N. A. Moore, Mrs. J. O. Marshall and Mrs. Watson Judy.

TO PREVENT EXTORTIONATE PRICES ON CORN.

The directors of the Chicago Board of Trade called a special meeting Wednesday afternoon to fix the maximum price of the new corn crop futures or to take some other action to choke off the sensational speculation of the last few days.

Corn is quoted at \$1.21; September at \$1.59.

The local market remains unchanged on corn, wheat and flour. The Paris Milling Company is not quoting figures on new wheat or flour, as it is probable the prices on these will soon be fixed by the Government.

BUSINESS DULL IN THE "BIG HOUSE."

There was a total absence of new items in the court house yesterday, the mid-summer dull season having set in, apparently. Some of the county officials were still in their offices, but there was nothing doing in the news line. Not even a marriage license was issued.

FOR THE RED CROSS.

The Macedonia Chapter of the Red Cross Society, at Clintonville, recently raised the sum of \$95 for the Red Cross fund at a lawn fete held at the home of Mr. William Crim, near that place. The guests were served ice cream and cakes, and participated in various games during the evening.

The auxiliaries in all parts of the county are actively engaged in making supplies for the Red Cross work, and all day long in many a home can be heard the hum of the sewing machine and the hum of conversation also, as these busy workers in a good cause devote themselves to their work.

STORES TO CLOSE.

By agreement among the merchants of Paris the early closing movement which was started by THE NEWS some time ago, has become a certainty, and from now on to and possibly later than the fifteenth of September the stores will be closed at five o'clock, giving the workers a much-needed rest.

The rule has been adopted by clothiers, jewelers, dry goods stores, shoe dealers, and nearly all lines of business, except those that are of necessity compelled to remain open for the accommodation of the public. These stores will be open at the usual hours on Saturday.

It is surely a good move, one that has been a long time on the way, but none less welcome. Paris people will do their shopping earlier in the day, hereafter, and bring the blessings of the workers on their heads thereby.

NEW CHURCH TO BE DEDICATED AT JACKSON.

The new Presbyterian church at Jackson, Ky., which was erected as a memorial to the late Rev. Dr. Edward O. Guerrant, will be dedicated with impressive ceremonies Sunday. The cornerstone of the church was laid by Dr. Guerrant, who died six months later.

The Guerrant Memorial church is of native white stone. The furniture is the gift of Morgan's men. The pulpit was donated by the U. D. C., and the lighting system by a friend of Dr. Guerrant.

Sunday the dedicatory sermon will be preached by Dr. Muller and the Rev. H. L. Cokerham, of Troy, will speak on what this church will mean to the mountains.

An extra effort to raise \$3,000, in order to have the debt on the church completely subscribed, is being made. The pastor, the Rev. C. Groshon Gunn, is asking parties outside the church to donate \$1,000 of this sum. He desires that one thousand persons subscribe \$1 each.

NEW OIL COMPANY FOR PARIS.

A new oil company known as The Bourbon Oil and Development Company has been incorporated and is opening offices in this city. The company has acquired about 5,000 acres of valuable leases in proven oil territory in the State and will begin drilling operations at an early date.

The organization of their company has created considerable interest in the wonderful developments now taking place in various counties. It is hoped that Paris, like Lexington and Winchester, will soon become a center from which large oil operations shall be conducted. Every citizen of Bourbon county should become familiar with and encourage the location of many corporations of this character.

LOUISVILLE & NASHVILLE TO RESUME PAY CAR.

The pay-car, which has been a time-honored institution on the Louisville & Nashville road, and which was discontinued some months ago, is to be put in service again on the road.

The pay-car will make its first visit to Paris to-day under the restored order of things. The employees will be paid by checks, as heretofore, but they will be required to come to the pay-car and sign the pay-roll, as before.

The action of the company in reinstating the pay-car is due to the fact that unscrupulous employees of the company have secured pay checks belonging to others and by endorsing them, have secured the money on them by presenting the checks at banks in other places. It is asserted that one employee secured quite a large sum in this manner.

In order to do away with this danger, against which there was apparently no remedy, the employees will now have to visit the pay-car and have themselves properly identified before they can receive their checks.

The pay-car will visit all points regularly twice a month, under the provisions of the new law regarding semi-monthly pay days.

SHERIFFS MUST MAKE THEIR RETURNS TO COURT ON TIME.

Under a recent order of the Court of Appeals, Clerk Rodman Keenan is sending executions for costs to a number of Sheriffs. The Court directed that if any Sheriff has not made return on an execution within the time prescribed by law the Clerk shall report forthwith to the Court. Another order being carried out, is that if any attorney has in his hands fees due the court, a rule shall issue for him to appear and show cause why he should not be punished for contempt.

PARIS TO HAVE SURE ENOUGH CITY DIRECTORY.

A letter to THE NEWS from Mr. M. H. Hoffman, president of the Hoffman Printing Company, of Quincy, Illinois, one of the largest and most reliable directory publishing firms in the world, states that their force will be in Paris in about fifteen days to take up the work of compiling a complete and reliable up-to-date directory.

Mr. Hoffman states that they now have a large force of men and women at work in eight different States compiling city directories, and that they intend to make the Paris directory as complete as money and hard work can make it. They will not undertake the work until everything is in readiness.

The directory will contain the name and street address of every man and woman in the city of Paris, and will also have a complete list of all on the rural routes. It will be handsomely bound, and will not be an advertising scheme of any kind.

Mr. Hoffman desires THE NEWS to state to the people of Paris that he will guarantee this directory to be accurate and reliable in every respect, and one that the people of Paris will be glad to have in their possession.

In this connection THE NEWS urges that the work of renumbering the residences and business houses of Paris be speeded up, so that the new directory people will find the city prepared for the coming of the working force. How much easier it will for a stranger to be directed to 3344 Main street instead of having to say, "Why Mr. Soandso lives just three squares from here in a little brick house with a wooden porch that stands close to the corner of the street near the livery stable with a red tin roof near the corner of Main and Eighth streets, where you see that sign on the street." Is it not even so?

TO Y. M. C. A. CAMP.

Accompanied by Assistant Secretary Herndon Waller, of the Bourbon County Y. M. C. A., the following young men from Paris have gone to Camp Daniel Boone, on the Kentucky River, for a ten-days' stay:

Carey Clay, Thos. Prichard, A. T. Rice, Jr., T. A. Hendricks, Jr., John Dundon, J. Miller Dundon, George Dundon, Jack Lair, Hugh Scott Perry Davis, Rene Clark, Prentice Lancaster, Cletis Chipley, Raymond Stampler, Robert Kirkpatrick and Yutaki Minakuchi.

TO PROVIDE FOR THEIR INJURED MEMBERS.

Provision for the care of members of the order who may be injured at the front after the American army lands in France, and the care and maintenance of their dependents at home will engage the attention of the Sovereign Grand Lodge, I. O. O. F., at its annual convention in Louisville, next September, according to a statement of Grand Sire Frank C. Goudy, of Denver, issued through the local committee on arrangements.

The head of the order dwells upon the importance of the meeting to Odd Fellows, points out that transportation companies can handle the expected 5,000 delegates and, apparently to correct and misunderstanding, makes the definite statement the convention will be held.

POLICE COURT REPORT.

Business was fairly good in Police Court last month, as evidenced by the following report submitted by Police Judge E. B. January for the month of June:

Amount of fines assessed, \$92.50; amount of fines replevined, \$18.50; amount of fines collected, \$38.50; amount of fines suspended, \$10.00; amount of fines worked out, \$54.30.

In its report of the arrest and trial of Jack Tracy, the "bootlegger," last Tuesday THE NEWS unintentionally gave the trial as having been held before Judge McMillan, when the case was in Judge January's court. He was sure to get it in either case.

"FOXY GRANDPA" TO PRESENT WORKS AT LEXINGTON.

Mr. Carl Schultz, of "Foxy Grandpa" fame, who was a guest of Mr. W. R. Blakemore, in this city, recently, and who is now to make his home in Lexington, will present the Lexington Public Library with a water color mural decoration for the walls of the building, to be placed in the children's reading room, and two bound volumes of his cartoons in pen and ink.

TAKES TRAVELING POSITION

Mr. Fithian Rye, son of Mr. and Mrs. James H. Rye, of Mt. Airy, has entered the ranks of the "disseminating angels of commerce," having recently taken a position as traveling representative for the Fuller Brush Company, of Hartford, Conn. He has been assigned to Eastern Kentucky, and left Wednesday morning to take up the duties of his position.

WAITING FOR THE CALL.

Everything is in readiness in Bourbon county for the drafting of the selective service army. The exemption board has about caught up with its work, and the young men of the county between the ages of twenty-one and thirty-one are awaiting their notice to prepare to leave for the cantonment sites to report for duty.

There has been much anxiety and concern among the Paris and Bourbon county boys as to when they will be called to the colors, and while nothing definite is yet known, it is hinted that it will be very soon, possibly by the last of August.

While President Wilson will not personally attend to the drawing of the numbers that will send the boys to the firing lines in Europe, the work will be done by one of the high officials of the Government. After a conference with the President, Secretary of War Baker announced that possibly he himself might do the work. At any rate the one who does the work will be a thoroughly responsible person, high up in the councils of the Government. The Secretary announced that the method to be used has not yet been fully decided upon, and it is not yet ready to be announced. He also said that the date for the drawing is not yet known. Some of the officials at Washington were of the opinion that it would be called for the last of this week.

To clear up any misunderstanding Provost General Crowder has issued a statement explaining that under the provisions of the draft law, a claim for exemption may be filed not only by the registered person himself, but by members of his family or any third party with knowledge of the facts in his case.

TENT MEETING.

The revival tent meeting being conducted on Cypress street, near the Rosedale addition to Paris by Evangelists Hobbs and Harrington, is now in its third week, with the interest unabated. The attendance is increasing each night, despite the other attractions in the city, and it has often been difficult to obtain seats.

The meeting has been very successful, a total of fifty-six conversions having been recorded up to last night. The meeting will be continued over Sunday, and perhaps longer. Services will be held at 7:45 p. m. each day, and on Sunday at 10:30 a. m. and 7:45 p. m.

Women And The War.

We know that women are an important factor in the great war in which our country is entering. We also know that the women of Paris have shown already that they realize the vital part they have to play, and we see in the homes of Paris every day indications of their efforts to do that part well. It is evidenced in a greater conservation of foodstuffs than they have ever shown before. It has been evidenced by their willingness to take up their needles for the Red Cross work, and in that work no denomination has been backward, no classism shown. It is manifested daily in the patriotic teachings they have been instilling into the hearts of their young men. We know the women are an important factor in the administration of the greatest struggle America has ever faced—for we can see it in any home in Paris, be it ever so humble.

Fifteen years ago a Paris woman would have been highly indignant at the suggestion that she take up some part of masculine work and do something for her country. Now she realizes it is a duty, a patriotic as well as a social and economic duty, she owes the Nation, and those who are not "doing their bit" in the home are actually engaged in some work heretofore done by a man, while the man himself is gone or is going to the firing line.

To-day a registration of the women of many States is being made. It will be used to advantage by the Government during the war. It will be valuable in many ways because it will show just how far the country may depend upon them in time of war. It will bring them into closer touch with the institutions they can best serve, it will be a census of real

workers, sincere workers, workers who stand as ready, as willing and as anxious as any man in America to make a sacrifice for their country, "our country, right or wrong, still our country."

That Springfield, Ohio, woman who wrote to THE NEWS for information about the hanging of a man named Peacock in Paris many, many years ago, should have known that we are too busy here in Paris and Bourbon county to keep a line on such a little affair as that.

The Country Papers.

Secretary McAdoo has thanked the newspapers of the United States for making the sale of the Liberty Loans possible, and he has called attention to the fact that especially deserving of thanks are the editors of the weekly and semi-weekly papers, in other words, the "small-town papers" of this country. Without their aid, thousands of rural homes would never have been reached—and it is a matter of fact that a vast amount of Liberty Loan bonds were purchased by the farmers.

It is a deserving tribute to the county newspapers of this country. The little paper from the old home town is still recognized by Uncle Sam as of equal importance to the great metropolitan daily when it comes to talking to all America. While the weekly newspaper and the city daily are not competitors, in that the public has placed its stamp of approval upon both of them and decided that it cannot get along without either, it is a recognized fact that in such instances as the recent Liberty Loan campaign and the selective draft registration the government could not have hoped for success without the heartiest co-operation of the country papers.

Secretary McAdoo's testimony to the loyalty of the county newspapers in this country is most pleasing. But he should not stop there. Now that he knows their value in spreading before the people, millions of them, who are not reached by daily papers, the vital message so necessary to our success in the present war, he should see that greater consideration is given them in the halls of Congress, and that their lifeblood is not sapped by such unfair legislation as is frequently, too frequently, offered. He would do well to remember that this government expects to inaugurate other nation-wide campaigns before peace shall have been declared, none of which can hope to be successful unless the country papers of the United States are back of them.

With haircuts at thirty-five cents per cut, it will soon be quite proper for Paris people to let wool grow and explain to their friends that they once made a wager that you would never have it cut again until William Jennings Bryan quit the Chautauqua platform and enlisted in the army.

BE CANNY.

Get that canning impulse. Make your hoe this summer keep you can opener busy next winter.

Get ready for canning season now. Regrets are the only things ever canned in the jars you forgot to order.

Can nothing that can be kept without canning. Dry such vegetables as corn, string beans, navy beans, mature Lima beans, okra, etc.

You can brag about your garden all winter if you have your canned evidence on the dinner table. Concentrate products, especially soup mixtures, so that each container will hold as much canned food and as little water as possible.

Really there is nothing to canning fruit and vegetables except care, cleanliness, fresh products, jars and heat.

LEXINGTON FALL TROTS.

With one exception, every two-year-old that trotted in 2:12 or better in 1916 is named for the three-year-old division of the Kentucky Futurity (\$14,000) to be trotted in Lexington, October 1, as follows: The Real Lady 2:04 1/4, Emma Magowan 2:07 1/4, Harvester Gale 2:07 3/4, Tacita 2:07 1/4, Wothe Volo 2:08 1/4, Miss Bertha Dillon 2:10, Kelly de Forest 2:10 1/4, Mary Coburn 2:10 1/4, Leonard 2:11 1/4 and Bertha McGuire 2:12. This insures probably the greatest three-year-old race ever trotted in the world.

PLENTY OF PROOF

From Paris People You Know—
 From Paris Citizens.

The greatest skeptic can hardly fail to be convinced in the face of evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Paris, of people who can be seen at any time. Read the following case of it:

J. W. Larkin, retired farmer, 431 High street, Paris, says: "I am only too glad to recommend Doan's Kidney Pills, because I have at times had quite a bit of trouble with my back. Often I have had a dreadful ache across my kidneys and the kidney secretions have been too frequent in passage. A box or so of Doan's Kidney Pills at these times have never failed to cure me of an attack."

—The Master Masons Degree in Amity Lodge No. 40, F. and A. M., was conferred on Mr. Fred Link, of Paris, Tuesday night. The work was done by Mr. Harry Bailey, of Cynthia. Quite a number of visitors from the surrounding lodges were present.

—Mr. J. H. Burris is among the sick. Mrs. Bruce McMahan and Mrs. J. P. Redmon are able to be up. Mr. Bruce McMahan, who has been confined to his home for a few days, is able to be out again. Col. W. M. Layson is improving nicely. Mr. T. E. Savage continues very much the same.

—At a recent meeting of the Trustees of the Millersburg Cemetery Co. three new members were added to the Board, Messrs. S. M. Allen, J. P. Redmon and A. S. Miller. Owing to the high cost of everything the fee for digging graves for adult was raised from \$5.00 to \$7.00, and for children from \$2.50 to \$3.00.

—At a meeting of the Red Cross Society, Tuesday afternoon, in their quarters, the following work days were agreed upon, each church occupying one day in a week: Baptist ladies on Monday; Methodist on Tuesday; Christian on Thursday, and Presbyterians on Friday. Work will begin on the above days at 9 a. m. The ladies of the several churches are expected to bring their lunches, scissors and thimbles with them.

Sunday school will be held at the Spears Mill Baptist church Sunday morning at ten o'clock. Services will be held in the church at eleven o'clock and evening services at eight o'clock. Everyone is cordially invited to attend.

—Several of the young people in this vicinity had a jolly good time last Sunday on an automobile trip to Frankfort and return, going by way of Lexington. Those who made the trip were Misses Elizabeth Hudnall, Anna and Beatrice Fuller; Miss Cuma Hudnall, of Paris; S. R. Hudnall, Joe Napier, Robert Politt, Harold Ewalt, Paris.

—The revival meeting which has been in progress here for the past two weeks, conducted by the pastor of the church, Rev. Ernest Mangum, closed last Sunday night with twenty-four additions. Rev. Mangum seemed to put his whole soul in his sermons, which were certainly most inspiring. The singing was in charge of Rev. C. E. Summers, of Georgetown, who did all in his power to praise the Lord in song. The singing was excellent. Sunday evening about 6:30 a crowd estimated at about five hundred, gathered on the banks of Stoner near the old mill, and witnessed the baptism of a large number of the converts who had consecrated their lives to Christ. FRANKFORT PAPER PRAISES PARIS' Y. M. C. A. HOME.

Frankfort is engaged in a campaign to raise \$25,000 for remodeling the present Y. M. C. A. building in that city. The Sunday edition of the State Journal, published in Frankfort, published a handsome half-tone cut of the Bourbon County Y. M. C. A. building, with the following comment:

"Paris has the newest Y. M. C. A. building in Kentucky. It was completed two years ago at a cost of \$55,000. It has the same number of dormitory rooms as the Frankfort building. The gymnasium is smaller, but the swimming pool is a little more modern. This building cost more than the committee anticipated, and was, therefore, left with a debt. This spring the friends put on a campaign to raise this indebtedness and provided for the current year's support, the sum required amounting to \$20,000. The workers raised \$21,300 in a week's time for this purpose. The Paris building has about the same revenue producing power as the Frankfort building. Frankfort now has an opportunity to secure as fine a building as Paris has, for much less than half of what Paris paid. Surely the Capital City has enough civic enterprisers to take advantage of this opportunity."

L. & N. TO ERECT NEW DEPOT AT TWO POINTS.

According to an official the Louisville & Nashville railroad company has made an appropriation of \$19,000 for a new depot at Irvine and \$7,500 for a new depot at Clay City.

The new depot at Irvine will occupy the site on which the old building stood, before it was burned about

two years ago. Since the old structure was destroyed, Irvine has been using four box cars.

The structure at Clay City will be framed according to the plans, and will be up-to-date in every particular. Only tentative plans on this depot have been made, however, and construction will probably not begin before the fall of the year.

McCray Bros. To Handle "Kentucky's Choice."

Kentucky's Choice, one of the greatest show stallions in the State, has been sent to the training stables of McCray Bros., at North Middletown, by his owner, Jos. McDowell, proprietor and owner of the Bellevue Stock Farm, near Danville. McCray Bros. will show this great horse all through the season.

They will take Kentucky's Choice through the West and the entire South, the season closing about the first of January. Kentucky's Choice is now in the very pink of condition. He will be shown this season in more places where the money purses are larger, and his winnings this year are expected to far exceed any previous ones.

McCray Bros. will prepare Kentucky's Choice for the World's Championship Show at the Kentucky State Fair at Louisville, when \$2,500 will go to the saddle stallions, \$2,500 to saddle geldings and \$2,500 to saddle mares. The remaining \$2,500 of this \$10,000 is to go to the winners in all these classes. This will be the greatest saddle horse show in the history of Kentucky shows, and, in fact, it will be the greatest in the world. The stallion, mare or gelding winning at this show will be classed as the world's champion.

KAISER'S NEPHEW WOULD FIGHT FOR THE ALLIES.

Johann Wilhelm, of Detroit, Mich., nephew of the Kaiser, would take up the gun against Germany—if the age limit of selective service were raised to include him.

Count von Hohenzollern is his title. He was born in Detroit and has been here for the last seven years.

The count's identity was disclosed when he applied to Marshal Rehrndt for permission to enter districts refused to Germans.

While he spent the greater part of his forty-seven years in Germany, Johann was born here while his parents were touring the United States. His father is a brother of Bill Hohenzollern.

DOING GOOD.

Few medicines have met with more favor or accomplished more good than Chamberlain's Colic and Diarrhoea Remedy. John F. Jantzen, Delmeny, Sask., says of it, "I have used Chamberlain's Colic and Diarrhoea Remedy myself and in my family, and can recommend it as being an exceptionally fine preparation."

BOURBON FARMING CONDITIONS.

Crop conditions have not changed very materially in this county in the last week or two. The farmers have been very busy with their mid-summer plowing, harvesting their wheat, and giving attention to their tobacco and corn crops, also to the extermination of weeds, which have a habit of growing when other things would be discouraged by conditions.

The harvesting of the wheat crop has been the farmers' principal work in the past week. The acreage of the cereal has been somewhat increased this year, owing to so many failures in recent years. Six weeks ago it seemed that the failures of past years would be repeated, but the improved weather conditions have caused a much better yield than was anticipated. The heads were full and heavy, and the result was a little above the average for several seasons past.

A large per cent. of the tobacco in the fields in this county is exceptionally good, notwithstanding it was transplanted much later than usual, owing to the shortage of plants and to the cool weather. The plants which have been set out are very promising.

Corn, potatoes, rye and barley are all looking well. Rain is badly needed for all the crops as well as for the gardens.

The acreage of food and feed crops has been increased about twenty per cent. in this county, in response to the appeal of the Government for larger production.

RED CROSS BARN DANCE AT WINCHESTER.

THE NEWS acknowledges receipt of the following invitation extended by Miss Mary Amis, Secretary of the Clark County Red Cross Chapter: "Clark County Chapter of American Red Cross invites you to attend a Benefit Barn Dance with Smith's Saxophone Orchestra, Tuesday evening, July 14, at Winchester, Kentucky. Grand March at 8:30 p. m. Subscription \$1.00. Chaperones: Mrs. D. T. Matlack, Mrs. David McKinley, Mrs. Henry Phillips, Mrs. R. D. Hunter, Mrs. A. G. Locknane, Mrs. Frank McCormick, Mrs. George Kohlhas, Mrs. T. C. Hardesty, Mrs. Field VanMeter, Mrs. Henry T. Jones, Mrs. Thomas M. Hampton, Mrs. Carrie Buckner, Mrs. J. B. Watkins, Mrs. David Prewitt, Mrs. Stephen Davis, Mrs. George Prewitt, Mrs. B. D. Goff, Mrs. C. H. Rees."

The preparations for the affair are already well under way, and it is predicted that this will be one of the most successful entertainments of the kind ever given in Central Kentucky. Mr. R. A. Scobee has kindly donated the use of his big tobacco warehouse for the dance.

From present indications the dance will be attended by young people from all through the Bluegrass region. The ladies of the Clark county Red Cross Chapter wish it thoroughly understood that there will be as many spectators as will allow for the convenience of dancing.

The young ladies of the Red Cross will wear their nurses' costumes and the officers of the Second Regiment will march with them. The grand march will be led by Mayor and Mrs. David T. Matlack.

PATRIOTIC NIGHT AT PYTHIAN LODGE.

Thursday night, July 26, will be appropriately celebrated by the members of Rathbone Lodge No. 13, of this city, as "Patriotic Night." The members of the lodge with their families and their sweethearts are expected to attend this meeting, which promises to be one of great interest. This will be the regular monthly social event of the order.

At the next meeting the financial and other reports of the lodge will be read, officers will be installed, and the new password given out to all members in good standing. If you are behind on the books, see the financial secretary, Knight John Cahal.

RELIGIOUS.

—Rev. J. J. Rice, minister of the Presbyterian church, will preach in the court house, Sunday morning on the subject, "Busy Here and There."

—Owing to the fact that Rev. George H. Harris, rector of St. Peter's Episcopal church, is taking his vacation during July, there will be no services at this church except Sunday school at 9:30 a. m. each Sunday.

—A revival meeting to be conducted by Rev. E. K. Kidwell will begin at the Centerville Methodist Church on Monday, August 13. The public is cordially invited to attend these meetings. A selected choir will furnish the music.

—Although he has been requested to reconsider the matter, Eld. John Christopherson, refuses to withdraw his resignation of the pastorate of the North Middletown Christian church. Eld. Christopherson, it is said, has accepted the pastorate of the Christian church at Williams-town. He has been pastor of the North Middletown church for the past four years, during which time he has proved himself one of the foremost factors in the town's development. He was President of the North Middletown Commercial Club, and a live, progressive worker in every movement that had for its object the moral uplift and commercial welfare of the people among whom he lived.

NO BLANK SPACES TO BE ON BALLOTS.

In answer to inquiries from County Clerks as to whether blank spaces should be left on the August primary ballots in cases where there are no contestants, Attorney General Chas. Morris has notified Clerks that it was not necessary to leave the spaces. As to whether blank spaces should be left for voters to write in the names of candidates, Attorney General Morris said that under the primary law it was necessary for candidates to qualify for an office and for this reason there existed no reason for the blank spaces to be left on the ballot.

LIGHTNING HITS BARN.

A barn, the property of Samuel L. Woolridge, near Versailles, was struck by lightning at an early hour Tuesday morning and completely destroyed, with its contents.

The building was a large cattle barn with a shed annexed for tobacco. It contained farming implements of all kinds, about thirty barrels of corn and twenty-six bushels of bluegrass seed. The loss is estimated at about \$2,000 with a partial insurance on the barn. The contents were not insured.

"GETTIN' TH' CREAM."

There is an old saying current among the rounders tending to express a fellow's good fortune when he makes a lucky strike or a good investment—"He's getting the cream."

This may be applied to a former Parisian, Mr. Thos. F. Brannon, who is now in the dairy business in Lexington, having recently purchased the Elmendorf dairy business from the Haggin estate. The business includes the retail distribution of milk and cream (and that's where "Doodle" is getting the cream) in the city, and the large ice cream manufacturing plant in Lexington. The milk and cream distribution plant on Short street is in charge of Miss Bernadette Brannon.

Mr. Brannon still retains his interest in the saloon business of Hughes & Brannon, but will devote most of his time to "gettin' th' cream" in the dairy business. One of his friends in Paris says he understood the new dairyman put in part of his time practicing the "Dairy Maid's Chorus."

B-4 FIRE Insure with W.O. HINTON & SON, Agts

MOREHEAD VISITED BY A \$20,000 FIRE.

Morehead, Ky., suffered a disastrous fire about 3 o'clock Saturday morning. Blair's livery barn, the Mountaineer printing office, Sexton's blacksmith shop, the residences of Mrs. J. C. Blair and Dr. A. L. Blair were destroyed.

For a time the entire section of West Main street was threatened.

The fire originated in the Sexton building and the cause is unknown. The loss is about \$20,000, with comparatively little insurance.

HOSPITAL BURNED.

The big division hospital of the Illinois Central railroad, located at Paducah, was destroyed by fire early Tuesday morning, causing a loss estimated at \$175,000 and resulting in the injury of two persons, one of whom, Miss Meddie Massie, aged twenty-five, a nurse, is believed to be seriously hurt.

Mrs. James Dorman, a patient who had been undergoing an operation, was being taken out of the building when the stretcher bearers stumbled and she was badly shaken up, suffering a relapse.

The origin of the fire is unknown but, according to the night watchman, it broke out following an explosion. An investigation is being conducted to ascertain the cause.

MT. STERLING PRINTER GETS \$2,000 PROMOTION.

Through the efforts and influence of United States Senator Ollie James, Mr. Charles O'Connell, formerly of Mt. Sterling, a well-known printer, who has been in the Government Printing Office at Washington for several years, has been promoted to a \$2,000 position in that bureau. Mr. O'Connell is in the library branch of the printing office, and his record is second to none for efficiency, Public Printer Ford said.

Mr. O'Connell was married in this city several years ago to Miss Bradshaw, of Mt. Sterling, a member of THE NEWS staff helping him to secure the license, rustling up the minister, and performing other acts of sympathy and consolation in a helpful way. It was not a case of parental objection, but Mr. O'Connell and his bride-to-be preferred the novelty of a "quiet wedding" so they came to Paris, and were married in the rooms over Mrs. Mayme Parker's millinery store, at the time occupied by Mrs. M. A. Paton and family.

ROXIE DAVIS
AT BOONESBORO.

The bathing beach at Boonesboro, one of the most popular in the State, is receiving a large patronage from this city and county, and every Sunday a large cavalcade of pleasure-seekers wends its way to the Clark county resort. Last Sunday fifty-three from Paris were at the beach, while a large number from different parts of the county came in different kinds of conveyances. The auto played the leading part in the transportation to the beach. Parties are being made up to take the trip next Sunday. A party of Paris and Covington people are now camping near the beach.

TRY IT HERE, PLEASE!
Determined to break up the speed-burning business within the city limits of Winchester, Chief of Police McCord and assistants stationed themselves at convenient places along the "speedway" and caught the numbers of speedomaniacs, who were presented in court and heavily fined. Warrants were issued for their arrest. One of the parties named in the warrants was Mr. J. N. Mason, of Paris.
The numbers of the machines were taken in memorandum, and their owners ascertained by reference to the auto registry department at Frankfort.
Some such action taken here would have a beneficial effect.

RED CROSS SEWING.
Sewing for the Red Cross work was resumed Tuesday at the rooms corner of Main and Third streets. The work had been temporarily suspended during the Chautauqua engagement last week. The work Tuesday was in charge of the Episcopal ladies.
Owing to the canning demonstration Wednesday morning at the Y. M. C. A. the ladies of the Christian church chose a later date for their work. The ladies of the Mission Circle of the Christian church occupied the rooms yesterday. The members of the W. C. T. U. have decided to furnish one hundred comfort bags for the soldiers.

WE WILL ACCEPT THEM.

Whatever else may be said about the new half-dollars, they are just as acceptable around THE NEWS office these days as anything else ever coined.

PLANS BEING MADE FOR MORGAN'S MEN REUNION.

Members of John H. Morgan Camp, United Confederate Veterans, of this city, have been apprised that plans are being perfected for the annual reunion of "Morgan's Men," the veterans of the famous Confederate leader, and that the date of the gathering will be announced later on. The reunion will probably be held at Olympian Springs, sometime in September, according to advices received by the members of the Camp here.

Col. Horace M. Taylor, of Carlisle, Secretary of the Association, was in Georgetown recently conferring with the president of the association, Dr. John A. Lewis, in regard to the coming meeting. Dr. Lewis was made president on the death of Gen. Basil Duke, in Louisville, last spring. Only a few veterans of the "Lost Cause" are left in this county, not all of whom will be able to attend the reunion.

WE CANNOT PRINT ANONYMOUS CONTRIBUTIONS.

THE NEWS has often given notice that it would not admit anonymous communications to its columns, yet we occasionally receive them.

Tuesday a letter headed "Help" and signed "A Mere Woman," was received in the mail, but we must be consistent and refuse to publish it unless we know the writer's identity.

The communication deals with the emptying of sewerage into Stoner Creek. If the writer will kindly disclose her identity, we will be glad to publish the contribution, but otherwise it will go to the waste basket.

RAINS BRING RELIEF.

Heavy showers Wednesday night brought relief from the heat wave which has enveloped this section for several days. The rains were of great benefit to the gardens and growing crops, which were suffering from lack of moisture. In some sections of the county the rain was very heavy, and was accompanied by a high wind, and electrical displays. The rains were gladly welcomed by the farmers and gardeners.

GO AFTER THEM.

Complaints have been made of the practice of boys and girls, and even some children of larger growth, using the pavements as a speedway of their bicycles. One woman coming down Pleasant street yesterday morning was struck by one of these machines coming down the pavement at the postoffice corner. Luckily she escaped with only a slight scare. The rider had neither bell or light, as required by city ordinance and sped on his way unconcerned as to what might have happened.

It's getting to be dangerous for a pedestrian to be safe now. If you are not run over by a speedomaniac in an auto, some husky kid on roller skates may take a fall out of you on the pavements. What is the remedy? City ordinances have been passed covering these practices, but are they enforced?

MRS. KIESO SICK SEVEN MONTHS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Aurora, Ill.—“For seven long months I suffered from a female trouble, with severe pains in my back and sides until I became so weak I could hardly walk from chair to chair, and got so nervous I would jump at the slightest noise. I was entirely unfit to do my housework, I was giving up hope of ever being well, when my sister asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles and today I am a healthy woman able to do my own housework. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound, and find out for themselves how good it is.”—Mrs. CARL A. KIESO, 536 North Ave., Aurora, Ill.

The great number of unsolicited testimonials on file at the Pinkham Laboratory, many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

WHAT WILL YOU DO FOR OUR SAILORS?

Of course you will knit a kit for one of our sailors? Uncle Sam is fitting out his new recruits as completely and as rapidly as possible in these days of tremendous needs, but to these, as to the men already in service, he can give only the ordinary and necessary clothing. Anything extra in the way of comfort must be furnished by the home people for whom these boys are fighting.

Northern seas are apt to be cold the year round and salt spray has a chilling fashion of penetrating its icy atmosphere to the very marrow of one's bones. Our sailor lads, on severe duty these days, need better protection than has been given them heretofore and, on their behalf, the Government has issued designs and instructions for a “sailor's kit,” consisting of a sleeveless jacket, a muffler and wristlets.

These kits must be uniform, of course, and must be made according to instructions both as to color and workmanship. To insure this they are inspected before being issued to the sailors. But everybody who knows anything about knitting can easily follow the instructions given, and fortunately this charmingly old-fashioned work is still widely enough known to have a devotee in every community who can understand the instructions and teach the art to others.

Thousands of these kits are needed and consequently the whole country has gone to knitting. We knit while we are planning for whatever more serious war work we are to undertake. Young and old among us, rich and poor, busy women or those of leisure, we all are knitting.—July Southern Woman's Magazine.

You fellows can go ahead, and lick the fellow who dares to insult or lay violent hands on our flag, but we want a chance to decorate Postmaster J. Walter Payne when a brand-new American flag floats over the Government building in Paris.

Be polite to the undertaker. He may get the last chance at you.

NEWSPAPER MAN SUMS UP THE OFFENSES OF GERMANY.

Carl W. Ackerman, a newspaper man, two years in Germany, at first in sympathy with Germany, later on disgusted with it, thus sums up the principal offenses of Germany against the United States:

Germany sank the Lusitania and killed more than 100 Americans and never apologized for it.

Germany sank the Ancona, killing more Americans and blamed Austria.

Germany sank the Arabic and torpedoed the Sussex.

Germany promised, after the sinking of the Sussex, to warn all merchant ships before torpedoing them and then in practice threw the pledges to the winds and ended by breaking all promises.

Germany started anti-American propaganda in Germany.

The German government made the German people suspect and hate President Wilson.

Germany supplied Russia and Rumania with arms and ammunition and criticized America for permitting American business men to aid the allies.

Germany plotted against American factories.

Germany tried to stir up a revolt in Mexico.

Germany tried to destroy American ammunition factories.

Germany blamed the United States for her food situation without explaining to the people that one of the reasons the pork supply was exhausted and there was no sugar was because Minister of the Interior Delbrueck ordered the farmers to feed sugar to the pigs and then slaughter them in order to save the fodder.

Germany financed and encouraged German-Americans in their campaigns in the United States.

Germany paid American writers for anti-American contributions to German newspapers and for pro-German articles in the American press.

Germany prohibited American news associations from printing unbiased American news in Germany.

Germany discriminated against and blacklisted American firms doing business in Germany.

Germany prevented American correspondents from sending true dispatches from Berlin during every submarine crisis.

Germany insulted American women, even the wives of American consular officials when they crossed the German border.

Germany threatened the United States with a Russian-Japanese-German-Mexican alliance against England and the United States.

German generals insulted American military observers at the front and the U. S. War Department had to recall them.

Germany has outlawed herself among all nations.

NO POCKETS FOR MEN'S COLTHES STYLE EDICT.

Fat men will look fatter and thin men thinner, if they conform to the style's forecast for the coming season by garment authorities assembled in Chicago for the convention of the National Association of Clothing Designers. The scant English styles are to be patterned with sharp, form-defining lines. It is also predicted that spring suits in 1918 will be without belts, cuffs or pockets, and that men will be compelled to carry knapsacks or bags for the belongings which formerly rested in pockets.

The production of “trench style” overcoats will be restricted to Uncle Sam's uniform makers, and several designers said those who wish to don military garb must go into some arm of the service.

Scarcity of wool is credited with much of the responsibility for these radical changes in style and Government orders for cloth conservation have prompted economy in coats and suits. The contemplated elimination of excess cloth from men's clothing will save approximately 16,000,000 yards during the year according to Frederick A. Kelf, of Chicago, who presided at the convention.

CATARRHAL DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We Give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Drug-gists, 75c.

PAIGE

The Most Beautiful Car in America

Next Week Paige Prices Advance

On next Sunday—July 15th—the list price of every car in the Paige line will be very substantially increased.

In order to maintain the well-known standards of Paige quality, such a step is unavoidable. The market quotations of all raw materials, accessories and labor have steadily advanced—some commodities to the extent of 300 per cent.

Owing to the scarcity of materials, our production between now and July 15th will necessarily be limited. We have apportioned this production to Paige dealers throughout the country, and they will accept orders until their individual allotments are exhausted.

COL. ROOSEVELT'S WAR TEXT.

A message from Theodore Roosevelt to American soldiers in France will be inserted in all Bibles given to the fighters by the New York Bible Society. The message reads:

“The teachings of the New Testament are foreshadowed in Micah's verse, ‘What more does the Lord require of thee than to do justice and to love mercy and to walk humbly with thy God.’”

“Do justice and therefore fight valiantly against the armies of Germany and Turkey, for these nations in this crisis stand for the reign of Moloch and Beelzebub on this earth.”

“Love mercy, treat prisoners well and succor the wounded; treat every woman as if she were your own sister, care for the little children and be tender with the old and helpless.”

“Walk humbly; you will do so if you study the life and teachings of the Savior.”

“May the God of justice and mercy have you in his keeping.”

An autograph signature is printed at the bottom of the slip, and at the top are the words: “Colonel Roosevelt's message to the troops through the New York Bible Society.”

When a woman finds that her dress doesn't match her complexion it is always easy to change her complexion.

OPPORTUNITY!

Mr. R. F. Clendenin, Associate General Agent for the Northwestern Mutual Life Insurance Company, in one day recently, sold \$100,000 worth of life insurance over local and long distance lines of the Home Telephone Company and because of such an amount of business accumulated in one day, he divides the honors with us for the efficient telephone service rendered. This is a splendid record for both Telephone and Insurance Companies.

Mr. Clendenin says: “The service I get from your Company is all that I could ask, and on the closing day of my campaign I used it with wonderful success.”

Such an opportunity in facilitating business should be grasped by the public in general in employing co-operation, efficiency and confidence.

ASK THESE TANLAC USERS

Many persons think testimonials for advertised medicines are fakes. Tanlac is a tonic too well known to Kentuckians to need any fake testimonials. Writers of Tanlac advertising do not quote people living in other states. They give you the names and addresses of your own friends, neighbors and acquaintances right here in the good old Blue Grass state.

This advertisement hasn't a word to say for Tanlac. All it does is give you a list of people right here in this state to whom you may write for particulars about Tanlac. Maybe you know some of these:

STATE FIRE MARSHAL ISSUES A WARNING.

Pleas to the people of the commonwealth to prevent fires have been sent out by the State Fire Marshal. The fire prevention program is in connection with other conservation war measures. The State Fire Marshal in a public warning says at this time a fire from any cause will be a calamity. A careless fire, he says, will be a crime.

The warning from the department of State Fire Marshal T. B. Pannell, is as follows:

During the present crisis your country needs every bushel of grain that goes into your house this season.

A fire from any cause will be a calamity, a careless fire will be a crime.

Fire in 1916 destroyed 5,180,000 bushels of grain in our country. At present prices this grain would be worth \$7,500,000.

259 elevators went up in flames, entailing a loss of \$1,554,000 in buildings, making a total loss of almost \$10,000,000 in elevator fires in one year.

One million people could have been fed with the grain destroyed in elevator fires.

Two-thirds of our country's annual fire loss is preventable. An ounce of prevention is worth many pounds of cure, and doubly so in these days when the conservation of our food supply is so important.

Cleanliness, not only in elevators but in every property, will eliminate nine-tenths of the fire hazard.

Food, clothing and shelter are produced only by human effort, hence labor expended in replacing waste is withdrawn from legitimate production for the satisfaction of human needs.

Spontaneous combustion may be caused in rubbish heaps by oily rags or waste. This hazard should be watched.

Smoking should be prohibited inside or around mills, factories, etc. Stove pipes and chimneys should be given careful inspection.

Electric wiring and electric appliances should be put in perfect condition by a competent electrician.

Gasoline demands careful attention.

The vapor arising from gasoline is extremely dangerous, and requires the closest attention and care at all times.

Fire extinguishers, stand-pipes and hose, or barrels of water and fire buckets should be provided about the plant. One or more fire extinguishers should be in every home.

Everybody should be on the alert at all times for fires which may occur at the plant or at home or elsewhere at any time.

Quadruple the vigilance for fires. Above all keep your place clean.

GOVERNMENT CROP REPORT

WASHINGTON, D. C., July 12, 1917.—A summary of the July crop report for the State of Kentucky and for the United States, as compiled by the Bureau of Crop Estimates, and transmitted through the Weather Bureau, U. S. Department of Agriculture, is as follows:

BOURBON COUNTY FARMER MAY LOCATE IN CLARK.

(Winchester Daily Sun.) Mr. John F. Young who recently sold his farm near Little Rock, Bourbon county, to Mr. John Burris of the same neighborhood, was in this city Friday and looked at several pieces of property with the view of moving here to reside.

Mr. Young is one of the most prosperous farmers of Bourbon county and the farm which he recently sold was one of the best improved farms in that section, being well fenced and watered and having on it one of the most modern residences. Mr. Burris, the purchaser, is one of the largest land owners in Bourbon and has a large farm that adjoins the Young farm, being separated only by Hinkston Creek.

Mr. Young and his family are one of the most progressive and best thought of families in Bourbon county, and are always ready to help in any movement that is for the betterment of the community and are among the leading church workers of the Little Rock precinct.

"The Five Tires"

Today—tires cost less than ever

Your tires actually cost you less per mile today than they did a few years ago,

—provided you buy the right kind of tires.

In the first place, don't buy a nondescript tire that some dealer has a selfish price motive in selling to you.

Buy a tire with a name behind it—a tire, the quality of which must be so good that the reputation of a great Company is protected.

United States Tires, with the name of the largest rubber manufacturer in the world behind them, are safe tires to buy.

United States Tires are constructed under an exclusive time-tried vulcanizing process that is patented.

They are honestly built with the best materials that the markets of the world afford.

A FREE GIFT NOT APPRECIATED.

It is deplorable that the only absolute free thing that nature gives us should so often be denied to the human family. Air is the common heritage of us all, but houses apparently are sometimes built so as to shut out every possible chance for it to enter. Given such a house and fill it with people and it is not long before disease, especially tuberculosis, spreads among its inmates. To the lack of air add uncleanness, a usual adjunct, and the bill is complete to make it deadly in its consequences. Housing inspectors in many cities are doing their best to rid their cities of these disease factories and much good is being accomplished, but ignorance and carelessness continue to get in their work. It is an uphill undertaking to educate the masses to the importance of fresh air and cleanliness, but with the generous aid of the newspapers the State Tuberculosis Commission is glad to report gratifying progress. Remember consumption can often be prevented and sometimes cured by absolute cleanliness of body and surroundings, and the breathing of fresh air day and night.

With a Paris doctor appointed to a high place in the army and a Paris lady winning out in an auto contest, we're feeling pretty secure as to our place on the map, thank you.

KENTUCKY MAGAZINE AN INTERESTING NUMBER.

The July issue of the Kentucky Magazine, just out, is of special interest, as two articles in it are by Frankfortonians, one of which is by Miss Ada May Cromwell and the other by former Attorney General M. M. Logan.

Miss Cromwell's article deals with the Kentucky Federation of Women's Clubs, and is a history of the federation, its growth and work, and is accompanied by pictures of prominent Kentucky club women and paragraphs of the particular line of work in which they have succeeded. The story of the federation and its aims and purposes is told in a very interesting manner and one that will not only appeal to the club women, but to the casual reader as well.

Mr. Logan has taken as his subject "The Government of Kentucky," and he has written a scholarly article in which he has explained the working of the new State Tax Commission, of which he is a member.

For our part we sincerely hope that Mr. Hoover will not stop until he has made it possible for us to once more utter those stomach-stirring words: "Please pass the fried chicken."

DEATHS.

WEIL.

—Mr. Maurice Weil, aged thirty-five, one of the most prominent and most widely-known stockmen in Kentucky, died Wednesday in Calgary, Canada, where he had gone to inspect property, which he had recently purchased with a view of locating on permanently.

Mr. Weil was well-known in Paris and Bourbon county, where he was a prominent figure in the livestock markets. He was a son of Mr. Simon Weil, of Lexington. While in

the cattle business he handled large contracts and also owned several large farms in Central Kentucky.

The body will be shipped to Lexington for burial and will arrive there some time to-morrow.

Mr. Weil was a relative of Mr. Jonas Weil, the well-known stock buyer and trader.

HOLSTEIN.

The funeral of Mrs. Otto Holstein Sr., who died at the Good Samaritan Hospital, in Lexington, Tuesday night, after a lingering illness, was held at the Paris Cemetery yesterday afternoon, at four o'clock, with services conducted at the grave by Rev. George H. Harris, rector of St. Peter's Episcopal church.

Mrs. Holstein was the widow of Otto Holstein, who will be remembered by the older citizens of Paris as having been a resident of Paris for many years as an animal painter and later a compiler of thoroughbred horse pedigrees, in which he was succeeded by Mr. Edward Tipton. His widow was a sister of Mr. Oscar Gilman, who was a pioneer in the turkey slaughtering and packing business in this city. She is survived by one son, Capt. Otto Holstein, captain in charge of the Signal Corps and now Provost-Marshal of the Lexington army camp district, and one brother, Mr. Charles B. Gilman, formerly of Paris, now of Lexington.

THE AUGUST AMERICAN MAGAZINE.

An August magazine is usually devoted to fiction, but the articles in the August American Magazine are fully up to the standard set in the other months. Thomas E. Wilson the Chicago packer, tells how he picks and handles men; Jack Dalt writes about how he feels at thirty-five; B. C. Forbes contributes an article on the effect of war on business in England and the United States; Jane Cowl has something to say about the handicap of beauty in the theatre, and Grantland Rice sings of "Sunny Tennessee" in verse.

The fiction is at a high mark because it includes stories by such writers as William Dudley Pelley, H. C. Witwer, Ellis Parker Butler, Marjorie Benton Cooke, David Grayson. The interesting People, Family Money, and "Sid Says" are filled with useful and entertaining hints, and the results of the contest, "What I Would Sacrifice for My Country" are also published.

They're trying hard to change the moral atmosphere at Blue Grass Park near Lexington. In fact the Traction & Terminal people want a bathing suit to consist of more than a cute little cap and a smile.

MATRIMONIAL.

BARNHILL—CUMMINS.

—County Clerk Pearce Paton issued a marriage license recently to Mr. Jas. Barnhill and Miss Gertrude Cummins, both of this county.

HINSON—CURTIS.

—A marriage license was issued from the office of County Clerk Pearce Paton, Monday, to Mr. Dow Curtis and Miss May Hinson, both of this county.

MADIGAN—WELCH.

—Miss Mae Madigan, of Winchester, and Mr. Richard L. Welch, of Lexington, were married at five o'clock Tuesday morning in the Catholic church, at Winchester. The bride is the eldest daughter of Mr. and Mrs. Matt Madigan, of Winchester. Mr. Welch is a son of Mr. and Mrs. Lawrence Welch, of Lexington, and is a brother of Mrs. James Shea, of Paris, at whose wedding a short time ago he was an attendant.

HUGHES—HARVEY.

—Rev. W. O. Sadler, pastor of the Paris Methodist church, performed the marriage ceremony at his residence on Houston avenue at 5:30 o'clock, Wednesday afternoon, uniting Miss Mollie Mae Hughes and Mr. Harvey Henry, both of the Millersburg vicinity.

The bride has been bookkeeper for the Bourbon Mercantile Co. at Black's Cross Roads, in this county, for some time. The groom is a prosperous young farmer of the same vicinity. They will reside on the groom's farm near Black's Cross Roads.

WEIDLEY—STEELE.

—Mr. Brice Steele, of Paris, and Miss Media Weidley, of Louisville, were married Monday at the home of the bride's parents, on Hepburn avenue, in Louisville, by the Rev. Theodore Haeftle. Only the immediate families of Mr. Steele and Miss Weidley were present at the marriage.

Miss Weidley was a guest at the home of Mr. Steele some months ago, as a trained nurse in attendance upon him. She is a daughter of Mr. and Mrs. John N. Weidley, of Louisville, and a very attractive young woman.

After an extended honeymoon trip Mr. and Mrs. Steele will return to Paris and will reside on the groom's farm near this city.

KELLEY—KIMBALL.

—Miss Katherine Kelley, of Paris, and Mr. Emory Kimball, of Austerlitz, were married Saturday afternoon at the home of the officiating minister, Rev. Dr. O. R. Mangum, on Sixth street.

The bride, who is a niece of Mrs. R. M. Harris, of Pleasant street, is a graduate of the Bourbon College, and has been in a training school for nurses at a Lexington Hospital for some time. The groom is a prosperous farmer residing near Austerlitz.

Mr. and Mrs. Kimball left after the ceremony for a short bridal trip to points in the South, and on their return will make their home on the groom's farm.

WILCOX—CHISM.

—Mr. Frank Wilcox, son of Mr. and Mrs. J. Ward Wilcox, of Cypress street and Miss Margaret Chism, daughter of Mr. Henry Chism, of the Louisville & Nashville, surprised their many friends in this city by the announcement of their marriage, which occurred at the home of the officiating minister, Rev. O. R. Mangum, pastor of the Paris Baptist church, on Sixth street Tuesday morning.

The bride is a handsome and attractive young woman, and is a sister of Mrs. Wallace Hill, formerly of Paris, who is now residing in Livingston. The groom is a graduate of the Paris High School, and of a Lexington business college. For several months he has held a clerical position in the office of Mr. Ed. Gorey, Master Mechanic of the Louisville & Nashville, in this city.

After the ceremony Mr. and Mrs. Wilcox left for a visit to Mr. and Mrs. Hill, in Livingston. Later they will leave for a honeymoon trip to points in the South. Upon their return they will make their home in East Paris.

BIRTHS.

TO THE VOTERS OF BOURBON COUNTY

It has been talked over the county that I cannot qualify and have no right to run for Superintendent of Schools.

I have good reasons for not having qualified and I assure you "I will" in due time. As evidence of my right I will quote the following legal authority.

J. B. CAYWOOD

FRANKFORT, KY.

MR. J. B. CAYWOOD, Paris, Ky.

Dear Sir:—You ask whether a candidate for School Superintendent in the August primary is compelled to have a certificate of qualification before he may have his name placed on the primary ballot.

This question has come to us a number of times in the last few years, and we have held that the Superintendent may obtain certificate after the election. In other words, it has been our opinion that if the Superintendent has the necessary certificate when he goes to qualify for the office on the first of January that he has the right to qualify.
